ADULTERATION!

LAGER BEER, containing copperas, and Ale doctored with salt, lime and alum, are among the latest adulterations discovered in New York. I was astonished that brewers in New York and other cities could afford to sell Ale and Beer for less money than the materials cost me to make a pure, unadulterated barrel of Beer. This mystery has been solved; the above poisonous ingredients are not costly; but persons in the prime of life, possessing strong constitutions, will soon find their health fast declining, and it may be, fill premature graves, if they persist in using the poisonous compounds named. I shall continue to make, not a life-destroying, but a healthful beverage, so that it may be drank by the most delicate without the least danger.

Globe Mutual Life Insurance Co., of N. Y.

CASH ASSETS JANUARY 1, 1869, \$1,171,000.

INCORPORATED 1864.

Has been in operation but four years, during which time it has assured a larger amount than any Company in the United States, during a corresponding period of existence. One of the chief causes of its organization, was the forfeiture by several Northern Companies of the policies of Southerners, during the war. The leading officers of this Company protested against this injustice, and on its consummation, withdrew and organized the "GLOBE MUTUAL," on principles more liberal and just than those yet adopted by any other Insurance Company. In the event of death in battle or in a duel, the equitable value of the policy will be returned to the heirs. ALL other Companies forfeit it. In case of suicide, the FULL Policy is paid. No restriction on travel. This Company has, in its guarantee fund of \$500,000, an element of strength possessed by no other Company. It offers the entire new feature of Probability Endowment, which gives the largest possible sum for the premium paid. No other Company possesses this feature. Insures children of any age. In the moderation of its premium rates, in the variety of its tables, in its dividends and in the security offered insurers, it invites comparison with any other Company. JOHN C. HASKELL, State Ag't, Columbia, S. C. Prof. JOHN T. DABY, Medical Examiner. Gen. S. B. BRUCKER, Southern Manager. Agents wanted throughout the State. Jan 30 3mo*

Purely Southern Life Insurance Company.

GEORGE HUGGINS, Agent.

Arlington Mutual Life Ins. Co.,

RICHMOND, VA.

INCORPORATED JANUARY, 1867.

THE unexampled success of this Company is beyond any precedent. It has already issued over 3,000 Policies. Its annual income is now over \$500,000. Its liberality to those insuring, has gained many warm friends in the South. According to its charter, the assets of the Company can only be invested in lands in the South, worth double the amount loaned.

One-half the Premium is required in CASH, and one-half loaned without note.

The Directors and Officers are composed of men of high standing, strict integrity, sagacity, and business experience, carefully guarding the interest confided to them. Its great success has gained the position of one of the leading Companies of the country.

The "ARLINGTON" has no old, impaired RISKS.

The last Dividend paid the policy-holders was 55 per cent.
